Title	Description / Remarks
Name of MNE group	State the name of the MNE Group that is used in the preparation of the CFS. The name of the MNE group should match the name to be provided / provided in the GIR.
Start and end dates of the first FY during which the group is subject to IIR or UTPR in any jurisdiction	<p>The first FY which the MNE group is subject to IIR or UTPR refers to the transition year for purposes of filing the MTT and DTT returns, and the GIR.</p> <p>The transition year is defined under Section 2(1) of the MMT Act as the first FY in which the MNE group comes within the scope of the law of any jurisdiction imposing a qualified IIR or qualified UTPR, or for which the MNE group is liable to be registered for MTT and DTT, whichever is earlier.</p> <p>Example 1:</p> <p>An MNE group’s UPE is located in Jurisdiction Y where a qualified IIR was implemented in FY 2024. The Group has two CEs in Singapore. The MNE group’s FYE is 31 Dec.</p> <p>Since the MNE group had come within scope of a qualified IIR in Jurisdiction Y for FY 2024, for purposes of filing MTT and DTT returns in Singapore, FY 2024</p>

is the transition year for the MNE group and FY 2025 will not be considered as the transition year for the MNE group. This is notwithstanding that Singapore implemented the MTT and DTT in FY 2025.

In this example, the start and end dates of the first FY during which the MNE group is subject to IIR or UTPR are 1 Jan 2024 and 31 Dec 2024, respectively.

Example 2:

An MNE group’s UPE is located in Singapore. The group has an intermediate parent entity located in Jurisdiction Z, where a qualified IIR was implemented in FY 2024. The MNE group’s FYE is 31 Dec.

As the intermediate parent entity is subject to qualified IIR in Jurisdiction Z for FY 2024, for purposes of filing MTT and DTT returns in Singapore, FY 2024 is the transition year for the MNE group. This is notwithstanding that MNE group’s UPE is in Singapore and MTT and DTT were implemented in Singapore in FY 2025. In this example, the start and end dates of the first FY during which the MNE group is subject to IIR or UTPR are 1 Jan 2024 and 31 Dec 2024, respectively.

Start and end dates of the first FY under the MMT Act

An MNE group is liable for registration under the MMT Act if all the following conditions are met:

- a) The MNE group has annual revenue of €750 million or more, as reported in the CFS of the UPE in at least two out of the four FYs immediately preceding the tested FY; and
- b) The MNE group has at least one CE or a JV located in Singapore, or at least one Reverse Hybrid Entity that is incorporated or registered in Singapore.

The first FY is one that commences on or after 1 Jan 2025, and is the FY being tested to determine whether MTT and DTT will apply to the MNE group for that FY, based on the annual revenue threshold of EUR 750 million*, such as:

FYE	Tested FY
31 Dec	01/01/2025 to 31/12/2025
31 Mar	01/04/2025 to 31/03/2026
30 Jun	01/07/2025 to 30/06/2026
30 Sep	01/10/2025 to 30/09/2026

The FY is based on the accounting period of the UPE’s CFS. For example, if the UPE’s CFS FYE is 31 Dec, the start and end dates of the first FY during which the MNE group is liable for registration are 1 Jan 2025 and 31 Dec 2025, respectively.

** An MNE group is liable for registration under the MMT Act if the group’s annual revenue is EUR 750 million or more in the CFS of the UPE in at least two out of the four FYs immediately preceding the tested FY.*

Please indicate “No” for this section if this is the case.</p> <p>On the other hand, if the UPE does not prepare the CFS, please indicate “Yes” that the deemed consolidation test is applicable to the MNE Group. In such cases, the test determines whether a group of entities should be treated as a consolidated group for the purpose of applying the relevant rules under the MMT Act. To conduct this determination, the UPE must use CFS that would have been prepared as if it were required by the law or a regulatory body of the jurisdiction in which it is located to do so in accordance with an authorised financial accounting standard that is either an acceptable financial accounting standard or another financial accounting standard that is adjusted to prevent any material competitive distortion*.</p> <p><i>* Paragraph 2(d) of the First Schedule of the MMT Act refers.</i></p>
