

List of Supporting Payroll Software Vendors for the Auto-Inclusion Scheme (AIS) for Employment Income (as of 16 Feb 2021)

Payroll software vendors listed below provide software that can generate file(s)/ record(s) in the required format for the Year of Assessment 2021, and can be submitted to IRAS using the [Validation and Submission Application and/or API directly](#). Vendors are to fulfil the [requirements](#) before they are included to the list. **Please note that the list is solely for reference purposes.**

Contact your vendor directly to check if your current payroll software supports IRAS' file format/ specifications, or to obtain the steps for submission using your software.

Things to note when selecting vendors' software from this list:

- Supporting payroll software are only required to comply to IRAS' technical file format/ specifications, to ensure that the format of the files/ records generated from the payroll software can be accepted by IRAS' system. IRAS does not validate the payroll software itself.
- Employers should evaluate the controls that the payroll software have. Refer to the list below for vendor's declaration on its payroll software' compliance to the "[List of Recommended Controls for Payroll Software](#)". Note that some controls are feature-specific, e.g. S/N 19-22 are only applicable to API-supported software.

Category of Software Compliance to Controls	Description
A	Complies with the full list of recommended controls (22 controls)
B	Complies with all the controls that payroll software should have (10 controls)
C	None of the above

- Employers should exercise due care when purchasing/ using the payroll software and where appropriate, seek professional advice. When making the purchase, employers may wish to take into consideration maintenance costs e.g. cost on system upgrade for legislative changes, change in CPF contribution rate etc. and ease of use.
- IRAS will not be liable for any losses or damages, loss of income, profit or savings, or indirect, incidental, special, or consequential or punitive damages arising from or in connection with the use of any of the payroll software purchased from the list of vendors.
- Employers who do not have a supporting payroll software can still prepare and submit employment income information online at myTax Portal.

Support for SMEs

The Singapore Government has announced various initiatives to help SMEs use digital technologies and build stronger capabilities to seize growth opportunities in the digital economy. Employers can adopt payroll software under the SMEs Go Digital (SGD) programme with support from the Productivity Solutions Grant (PSG), Start Digital Pack and/or Digital Resilience Bonus.

Based on the website of the respective initiatives, IRAS has helped to identify (as of 6 Jul 2020):

- Vendors who have pre-approved digital solutions supported under the PSG (indicated with a caret (^)), and
- Vendors participating under Start Digital (indicated with a hash (#)).

Note that vendors may provide more than one digital solution, hence employers should check with the vendor directly for the solution that can meet their needs.

If you are:

- (1) An SME who wish to find out more on support available under the SGD programme, or
- (2) A Vendor who is keen to have your digital solutions pre-approved under the PSG or participate under Start Digital,

Please refer to the website: <https://www.imda.gov.sg/SMEsGoDigital>.
