- (a) it carries on supervisory activities in that other State for a period or periods aggregating more than 6 months within any 12-month period in connection with a building site, or a construction, installation or assembly project or any combination of them which is being undertaken in that other State; or
- (b) substantial equipment is being used in that other State by, for or under contract with the enterprise.

7. The fact that a company which is a resident of one of the Contracting States controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 4A #

2. In this Article, the term "real property", in relation to one of the Contracting States, has the meaning which it has under the laws of that State and also includes -

4. The provisions of paragraphs 1 and 3 shall also apply to income from real property of an enterprise and to income from real property used for the performance of professional services.

ARTICLE 5*

1. The profits of an enterprise of one of the Contracting States shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of one of the Contracting States carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment or with other enterprises with which it deals.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses of the enterprise, being expenses which are incurred for the purposes of the permanent establishment and which would be deductible if the permanent establishment were an independent entity which paid those expenses, whether incurred in the Contracting State in which the permanent establishment is situated or elsewhere.

4. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

5. Nothing in this Article shall affect the application of any law of a Contracting State relating to the determination of the tax liability of a person in cases where the information available to the competent authority of that State is inadequate to determine the profits to be attributed to a permanent establishment, provided that that law shall be applied, so far as the information available to the competent authority permits, consistently with the principles of this Article.

6. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

7. Nothing in this Article shall affect the operation of any law of a Contracting State relating to tax imposed on profits from insurance with non-residents, provided that if the relevant law in force in either Contracting State at the date of signature of this Agreement is varied (otherwise than in minor respects so as not to affect its general character) the Contracting States shall consult with each other with a view to agreeing to any amendment of this paragraph that may be appropriate.

8. Where -

- (a) a resident of one of the Contracting States is beneficially entitled, whether directly or through one or more interposed trust estates, to a share of the business profits of an enterprise carried on in the other Contracting State by the trustee of a trust estate other than a trust estate which is treated as a company for tax purposes; and
- (b) in relation to that enterprise, that trustee would, in accordance with the principles of Article 4, have a permanent establishment in that other State,

the enterprise carried on by the trustee shall be deemed to be a business carried on in the other State by that resident through a permanent establishment situated therein and that share of business profits shall be attributed to that permanent establishment.

ARTICLE 6*

1. Where -

- (a) an enterprise of one of the Contracting States participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
- (b) the same person participates directly or indirectly in the management, control or capital of an enterprise of one of the Contracting States and an enterprise of the other Contracting State,

and in either case conditions operate between the two enterprises in their commercial or financial relations which differ from those which might be expected to operate between independent enterprises dealing wholly independently with one another, then any profits which, but for those conditions, might have been expected to accrue to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Nothing in this Article shall affect the application of any law of a Contracting State relating to the determination of the tax liability of a person, including determinations in cases where the information available to the competent authority of that State is inadequate to determine the income to be attributed to an enterprise, provided that that law shall be applied, so far as it is practicable to do so, consistently with the principles of this Article.

3. Where profits on which an enterprise of one of the Contracting States has been charged to tax in that State are also included, by virtue of paragraph 1 or 2, in the profits of an enterprise of the other Contracting State and charged to tax in that other State, and the profits so included are profits which might have been expected to have accrued to that enterprise of the other State if the conditions operative between the enterprises had been those which might have been expected to have operated between independent enterprises dealing wholly independently with one another, then the first-mentioned State shall make an appropriate adjustment to the amount of tax charged on those profits in the first-mentioned State. In determining such an adjustment, due regard shall be had to the other provisions of this Agreement and for this purpose the competent authorities of the Contracting States shall if necessary consult each other.

If Singapore, subsequent to the signing of this Agreement, imposes a tax on dividends paid by a company which is resident in Singapore or by a Malaysian company out of profits derived from sources in Singapore, which is in addition to the tax chargeable in respect of the profits of the company, such tax may be charged but the tax so charged on such dividends derived by an Australian resident who is beneficially entitled to the dividends shall not exceed 15 per centum of the gross amount of the dividends.

ARTICLE 16

1. This Article shall apply to a person who is a resident of Australia and is also resident in Singapore.

2. Where such a person is treated for the purposes of this Agreement solely as a resident of one of the Contracting States he shall be exempt in the other Contracting State from tax on any income in respect of which he is subject to tax in the first-mentioned Contracting State if the income is derived -

- (a) from sources in the first-mentioned Contracting State; or
- (b) from sources outside both Contracting States.

ARTICLE 16A #

Items of income which are not expressly mentioned in the foregoing Articles of this Agreement shall be taxable according to the laws of the respective Contracting States relating to tax.

ARTICLE 18*

1. Subject to the provisions of the law of Australia from time to time in force which relate to the allowance of a credit against Australian tax of tax paid in a country outside Australia (which shall not affect the general principle hereof), Singapore tax paid under the law of Singapore and in accordance with this Agreement, whether directly or by deduction, in respect of income derived by a person who is a resident of Australia from sources in Singapore shall be allowed as a credit against Australian tax payable in respect of that income.

2. - (b) Parts II, IIIA, IV, VI, VII, VIII, IX, X or XI of the Economic Expansion Incentives (Relief from Income Tax) Act 1988 of Singapore; and
- (c) Parts III, V, VIA or XII of the Economic Expansion Incentives (Relief from Income Tax) Act 1988 of Singapore except where the exemption or reduction is granted in respect of income attributable to the provision of financial (including insurance) services provided directly or indirectly to a person who is a resident of Australia,

4. The provisions of paragraph 3 shall apply only in relation to income derived in any of the 10 years of income beginning with the year of income that commenced on 1 July 1987 and in any later year of income that may be agreed in an exchange of letters for this purpose by the Treasurer of Australia and the Minister for Finance of Singapore, or their authorised representatives.

2. Any information so exchanged shall be treated as secret but may be disclosed to persons (including a court or tribunal) concerned with the assessment, collection, enforcement or prosecution in respect of the taxes which are the subject of this Agreement.

ANNEX A

Effects of the MLI on this Agreement

1. Deletion and replacement of the Preamble

The preamble of this Agreement is deleted and replaced by the following preamble:

“The Government of the Republic of Singapore and the Government of the Commonwealth of Australia,

Desiring to further develop their economic relationship and to enhance their co-operation in tax matters,

Intending to eliminate double taxation with respect to the taxes covered by this Agreement without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Agreement for the indirect benefit of residents of third jurisdictions),

Have agreed as follows:”.

2. Amendment of Article 20

(a) Paragraph 1 of Article 20 of this Agreement is amended by inserting, immediately after the words “avoidance of the double taxation in question.”, the words “The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.”

(b) Article 20 of the Agreement is amended by inserting, immediately after Paragraph 1 of Article 20, the following paragraphs:

“1A. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

1B. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.”.

3. New Articles 20A to 20G (arbitration provisions)

The following articles shall be inserted immediately after Article 20. However, the articles shall not apply to this Agreement if a Contracting State raises an objection under Article 28(2)(b) of the MLI to the reservations that had been made by the other Contracting State under Article 28(2)(a) of the MLI. Such an objection may be raised by:

- (a) Singapore, by 25 September 2019; or
- (b) Australia, by 20 December 2019.

“ARTICLE 20A

1. Where:
 - (a) under Article 20, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of the Agreement; and
 - (b) the competent authorities are unable to reach an agreement to resolve that case pursuant to Article 20 within a period of two years beginning on the start date referred to in paragraph 8 or 9, as the case may be (unless, prior to the expiration of that period the competent authorities of the Contracting States have agreed to a different time period with respect to that case and have notified the person who presented the case of such agreement),

any unresolved issues arising from the case shall, if the person so requests in writing, be submitted to arbitration in the manner described in this Article and Articles 20B to 20G, according to any rules or procedures agreed upon by the competent authorities of the Contracting States pursuant to the provisions of paragraph 10.

2. Where a competent authority has suspended the mutual agreement procedure referred to in paragraph 1 because a case with respect to one or more of the same issues is pending before court or administrative tribunal, the period provided in sub-paragraph (b) of paragraph 1 will stop running until either a final decision has been rendered by the court or administrative tribunal or the case has been suspended or withdrawn. In addition, where a person who presented a case and a competent authority have agreed to suspend the mutual agreement procedure, the period provided in sub-paragraph (b) of paragraph 1 will stop running until the suspension has been lifted.

3. Where both competent authorities agree that a person directly affected by the case has failed to provide in a timely manner any additional material information requested by either competent authority after the start of the period provided in sub-paragraph (b) of paragraph 1, the period provided in sub-paragraph (b) of paragraph 1 shall be extended for an amount of time equal to the period beginning on the date by which the information was requested and ending on the date on which that information was provided.

4.
 - (a) The arbitration decision with respect to the issues submitted to arbitration shall be implemented through the mutual agreement concerning the case referred to in paragraph 1. The arbitration decision shall be final.
 - (b) The arbitration decision shall be binding on both Contracting States except in the following cases:
 - (i) if a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision. In such a case, the case shall not be eligible for any further consideration by the competent authorities. The mutual agreement that implements the arbitration decision on the case shall be considered not to be accepted by a person directly affected by the case if any person directly affected by the case does not, within 60 days after the date on which notification of the mutual agreement is sent to the person, withdraw all issues resolved in the mutual agreement implementing the arbitration decision from consideration by any court or administrative tribunal or otherwise terminate any pending court or administrative proceedings with respect to such issues in a manner consistent with that mutual agreement.
 - (ii) if a final decision of the courts of one of the Contracting States holds that the arbitration decision is invalid. In such a case, the request for arbitration under paragraph 1 shall be considered not to have been made, and the arbitration process shall be considered not to have taken place (except for the purposes of Articles 20C and 20F). In such a case, a new request for arbitration may be made unless the competent authorities agree that such a new request should not be permitted.
 - (iii) if a person directly affected by the case pursues litigation on the issues which were resolved in the mutual agreement implementing the arbitration decision in any court or administrative tribunal.

5. The competent authority that received the initial request for a mutual agreement procedure as described in sub-paragraph (a) of paragraph 1 shall, within two calendar months of receiving the request:

- (a) send a notification to the person who presented the case that it has received the request; and
- (b) send a notification of that request, along with a copy of the request, to the competent authority of the other Contracting State.

6. Within three calendar months after a competent authority receives the request for a mutual agreement procedure (or a copy thereof from the competent authority of the other Contracting State) it shall either:

- (a) notify the person who has presented the case and the other competent authority that it has received the information necessary to undertake substantive consideration of the case; or
- (b) request additional information from that person for that purpose.

7. Where pursuant to sub-paragraph (b) of paragraph 6, one or both of the competent authorities have requested from the person who presented the case additional information necessary to undertake substantive consideration of the case, the competent authority that requested the additional information shall, within three calendar months of receiving the additional information from that person, notify that person and the other competent authority either:

- (a) that it has received the requested information; or
- (b) that some of the requested information is still missing.

8. Where neither competent authority has requested additional information pursuant to sub-paragraph (b) of paragraph 6, the start date referred to in paragraph 1 shall be the earlier of:

- (a) the date on which both competent authorities have notified the person who presented the case pursuant to sub-paragraph (a) of paragraph 6; and
- (b) the date that is three calendar months after the notification to the competent authority of the other Contracting State pursuant to sub-paragraph (b) of paragraph 5.

9. Where additional information has been requested pursuant to sub-paragraph (b) of paragraph 6, the start date referred to in paragraph 1 shall be the earlier of:

- (a) the latest date on which the competent authorities that requested additional information have notified the person who presented the case and the other competent authority pursuant to sub-paragraph (a) of paragraph 7; and
- (b) the date that is three calendar months after both competent authorities have received all information requested by either competent authority from the person who presented the case.

If, however, one or both of the competent authorities send the notification referred to in sub-paragraph (b) of paragraph 7, such notification shall be treated as a request for additional information under sub-paragraph (b) of paragraph 6.

10. The competent authorities of the Contracting States shall by mutual agreement (pursuant to Article 20) settle the mode of application of the provisions contained in this Article and Articles 20B to 20G, including the minimum information necessary for each competent authority to undertake substantive consideration of the case. Such an agreement shall be concluded before the date on which unresolved

issues in a case are first eligible to be submitted to arbitration and may be modified from time to time thereafter.

11. Notwithstanding the preceding paragraphs of this Article:
 - (a) any unresolved issue arising from a mutual agreement procedure case otherwise within the scope of the arbitration process provided for by this Agreement shall not be submitted to arbitration, if a decision on this issue has already been rendered by a court or administrative tribunal of either Contracting State;
 - (b) if, at any time after a request for arbitration has been made and before the arbitration panel has delivered its decision to the competent authorities of the Contracting States, a decision concerning the issue is rendered by a court or administrative tribunal of one of the Contracting States, the arbitration process shall terminate.

12. The provisions of this Article and Articles 20B to 20G shall not apply —
 - (a) to any case involving the application of Singapore's general anti-avoidance rules contained in section 33 of the Act, case law or judicial doctrines, and any subsequent provisions (as notified by Singapore to the Depository of the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting done at Paris on 24 November 2016 (as amended from time to time)) that replace, amend or update these anti-avoidance rules.
 - (b) to any case involving the application of Australia's general anti-avoidance rules contained in Part IVA of the Income Tax Assessment Act 1936 and section 67 of the Fringe Benefits Tax Assessment Act 1986, and any subsequent provisions (as notified by Australia to the Depository under the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting done at Paris on 24 November 2016 (as amended from time to time) where they are substantial) that replace, amend or update these anti-avoidance rules.

13. This Article and Articles 20B to 20G —
 - (a) shall have effect with respect to cases presented to the competent authority of a Contracting State under Article 20 on or after 1 April 2019; and
 - (b) shall apply to a case presented to the competent authority of a Contracting State under Article 20 prior to 1 April 2019 only to the extent that the competent authorities of both Contracting States agree that it will apply to that specific case.

ARTICLE 20B

1. Except to the extent that the competent authorities of the Contracting States mutually agree on different rules, paragraphs 2 through 4 shall apply for the purposes of Articles 20A to 20G.

2. The following rules shall govern the appointment of the members of an arbitration panel:

- (a) The arbitration panel shall consist of three individual members with expertise or experience in international tax matters.
- (b) Each competent authority shall appoint one panel member within 60 days of the date of the request for arbitration under paragraph 1 of Article 20A. The two panel members so appointed shall, within 60 days of the latter of their appointments, appoint a third member who shall serve as Chair of the arbitration panel. The Chair shall not be a national or resident of either Contracting State.
- (c) Each member appointed to the arbitration panel must be impartial and independent of the competent authorities, tax administrations, and ministries of finance of the Contracting States and of all persons directly affected by the case (as well as their advisors) at the time of accepting an appointment, maintain his or her impartiality and independence throughout the proceedings, and avoid any conduct for a reasonable period of time thereafter which may damage the appearance of impartiality and independence of the arbitrators with respect to the proceedings.

3. In the event that the competent authority of a Contracting State fails to appoint a member of the arbitration panel in the manner and within the time periods specified in paragraph 2 or agreed to by the competent authorities of the Contracting States, a member shall be appointed on behalf of that competent authority by the highest ranking official of the Centre for Tax Policy and Administration of the Organisation for Economic Co-operation and Development that is not a national of either Contracting State.

4. If the two initial members of the arbitration panel fail to appoint the Chair in the manner and within the time periods specified in paragraph 2 or agreed to by the competent authorities of the Contracting States, the Chair shall be appointed by the highest ranking official of the Centre for Tax Policy and Administration of the Organisation for Economic Co-operation and Development that is not a national of either Contracting State.

ARTICLE 20C

1. Solely for the purposes of the application of Articles 19 and 20A to 20G and of the provisions of the domestic laws of the Contracting States related to the

exchange of information, confidentiality, and administrative assistance, members of the arbitration panel and a maximum of three staff per member (and prospective arbitrators solely to the extent necessary to verify their ability to fulfil the requirements of arbitrators) shall be considered to be persons or authorities to whom information may be disclosed. Information received by the arbitration panel or prospective arbitrators and information that the competent authorities receive from the arbitration panel shall be considered information that is exchanged under Article 19.

2. The competent authorities of the Contracting States shall ensure that members of the arbitration panel and their staff agree in writing, prior to their acting in an arbitration proceeding, to treat any information relating to the arbitration proceeding consistently with the confidentiality and nondisclosure obligations described in Article 19 and under the applicable laws of the Contracting States.

ARTICLE 20D

For the purposes of Articles 20 and 20A to 20G, the mutual agreement procedure, as well as the arbitration proceeding, with respect to a case shall terminate if, at any time after a request for arbitration has been made and before the arbitration panel has delivered its decision to the competent authorities of the Contracting States:

- (a) the competent authorities of the Contracting States reach a mutual agreement to resolve the case; or
- (b) the person who presented the case withdraws the request for arbitration or the request for a mutual agreement procedure.

ARTICLE 20E

1. Except to the extent that the competent authorities of the Contracting States mutually agree on different rules, the following rules shall apply with respect to an arbitration proceeding pursuant to Articles 20A to 20G:

- (a) After a case is submitted to arbitration, the competent authority of each Contracting State shall submit to the arbitration panel, by a date set by agreement, a proposed resolution which addresses all unresolved issue(s) in the case (taking into account all agreements previously reached in that case between the competent authorities of the Contracting States). The proposed resolution shall be limited to a disposition of specific monetary amounts (for example, of income or expense) or, where specified, the maximum rate of tax charged pursuant to the Agreement, for each adjustment or similar issue in the case. In a case in which the competent authorities of the Contracting States have been unable to reach agreement on an issue regarding the conditions for application of a provision of the Agreement

(hereinafter referred to as a “threshold question”), such as whether an individual is a resident or whether a permanent establishment exists, the competent authorities may submit alternative proposed resolutions with respect to issues the determination of which is contingent on resolution of such threshold questions.

- (b) The competent authority of each Contracting State may also submit a supporting position paper for consideration by the arbitration panel. Each competent authority that submits a proposed resolution or supporting position paper shall provide a copy to the other competent authority by the date on which the proposed resolution and supporting position paper were due. Each competent authority may also submit to the arbitration panel, by a date set by agreement, a reply submission with respect to the proposed resolution and supporting position paper submitted by the other competent authority. A copy of any reply submission shall be provided to the other competent authority by the date on which the reply submission was due.
- (c) The arbitration panel shall select as its decision one of the proposed resolutions for the case submitted by the competent authorities with respect to each issue and any threshold questions, and shall not include a rationale or any other explanation of the decision. The arbitration decision will be adopted by a simple majority of the panel members. The arbitration panel shall deliver its decision in writing to the competent authorities of the Contracting States. The arbitration decision shall have no precedential value.

2. Prior to the beginning of arbitration proceedings, the competent authorities of the Contracting States shall ensure that each person that presented the case and their advisors agree in writing not to disclose to any other person any information received during the course of the arbitration proceedings from either competent authority or the arbitration panel. The mutual agreement procedure under Article 20, as well as the arbitration proceeding under Articles 20A to 20G, with respect to the case shall terminate if, at any time after a request for arbitration has been made and before the arbitration panel has delivered its decision to the competent authorities of the Contracting States, a person that presented the case or one of that person’s advisors materially breaches that agreement.

ARTICLE 20F

In an arbitration proceeding under Articles 20A to 20G, the fees and expenses of the members of the arbitration panel, as well as any costs incurred in connection with the arbitration proceedings by the Contracting States, shall be borne by the Contracting States in a manner to be settled by mutual agreement between the competent authorities of the Contracting States. In the absence of such agreement, each Contracting State shall bear its own expenses and those of its appointed panel member. The cost of the chair of the arbitration panel and other expenses associated with the conduct of the arbitration proceedings shall be borne

by the Contracting States in equal shares.

ARTICLE 20G

1. Any unresolved issue arising from a mutual agreement procedure case otherwise within the scope of the arbitration process provided for in this Article and Articles 20A to 20F shall not be submitted to arbitration if the issue falls within the scope of a case with respect to which an arbitration panel or similar body has previously been set up in accordance with a bilateral or multilateral convention that provides for mandatory binding arbitration of unresolved issues arising from a mutual agreement procedure case.

2. Nothing in this Article and Articles 20A to 20F shall affect the fulfilment of wider obligations with respect to the arbitration of unresolved issues arising in the context of a mutual agreement procedure resulting from other conventions to which the Contracting States are or will become parties.”.

4. New Article 20H

The following new Article 20H is inserted immediately after Article 20G:

“ARTICLE 20H

1. Notwithstanding any provisions of this Agreement, a benefit under this Agreement shall not be granted in respect of an item of income or capital if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of this Agreement.

2. Where a benefit under this Agreement is denied to a person under provisions of this Agreement that deny all or part of the benefits that would otherwise be provided under this Agreement where the principal purpose or one of the principal purposes of any arrangement or transaction, or of any person concerned with an arrangement or transaction, was to obtain those benefits, the competent authority of the Contracting State that would otherwise have granted this benefit shall nevertheless treat that person as being entitled to this benefit, or to different benefits with respect to a specific item of income or capital, if such competent authority, upon request from that person and after consideration of the relevant facts and circumstances, determines that such benefits would have been granted to that person in the absence of the transaction or arrangement. The competent authority of the Contracting State to which a request has been made under this paragraph by a resident of the other Contracting State shall consult with the competent authority of that other Contracting State before rejecting the request.”.

5. Entry into effect of the MLI

The effects of the MLI on this Agreement, as laid out in this Annex, shall have effect in Singapore:

- (a) for paragraph 2 of this Annex on the amendment of Article 20, for a case presented on or after 1 April 2019, without regard to the basis period to which the case relates. However, paragraph 2 of this Annex shall not apply to a case that was not eligible to be presented immediately before 1 April 2019;
- (b) for paragraph 3 of this Annex on the arbitration provisions, with respect to any tax paid, deemed paid or liable to be paid, before, on or after 1 April 2019;
- (c) for all other paragraphs in this Annex:
 - (i) with respect to taxes withheld at source, in respect of amounts paid, deemed paid or liable to be paid (whichever is the earliest), on or after 1 January 2020; and
 - (ii) with respect to taxes other than those withheld at source, where the income is derived or received in a basis period beginning on or after 1 October 2019.

**SECOND PROTOCOL AMENDING THE AGREEMENT BETWEEN
THE GOVERNMENT OF THE REPUBLIC OF SINGAPORE AND
THE GOVERNMENT OF THE COMMONWEALTH OF AUSTRALIA
FOR THE AVOIDANCE OF DOUBLE TAXATION AND
THE PREVENTION OF FISCAL EVASION
WITH RESPECT TO TAXES ON INCOME
AS AMENDED BY THE PROTOCOL OF 16 OCTOBER 1989**

The Government of the Republic of Singapore and the Government of Australia

Desiring to amend the Agreement between the Government of the Republic of Singapore and the Government of the Commonwealth of Australia for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income signed at Canberra on 11 February 1969 as amended by the Protocol signed at Canberra on 16 October 1989 (hereinafter referred to as “the Agreement”)

Have agreed as follows:

ARTICLE I

Article 19 of the Agreement is omitted and the following Article is substituted:

“ARTICLE 19

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1A and 1.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

- b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.”

ARTICLE II

The Government of Australia and the Government of the Republic of Singapore shall notify each other through the diplomatic channel of the completion of their respective internal procedures required for the bringing into force of this Protocol which shall form an integral part of the Agreement. The Protocol shall enter into force on the thirtieth day after the date of the last notification, and thereupon the Protocol shall have effect.

ARTICLE III

This Protocol, which shall form an integral part of the Agreement, shall remain in force as long as the Agreement remains in force and shall apply as long as the Agreement itself is applicable.

- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

- (e) the maintenance of a fixed place of trade or business solely for the purpose of activities which have a preparatory or auxiliary character for the enterprise, such as advertising or scientific research.

4. An enterprise of one of the Contracting States shall be deemed to have a permanent establishment in the other Contracting State and to carry on trade or business through that permanent establishment if -

- (a) it carries on supervisory activities in that other Contracting State for more than six months in connection with a building site, or a construction, installation or assembly project which is being undertaken, in that other Contracting State; or
- (b) substantial equipment is in that other Contracting State being used or installed by, for or under contract with the enterprise.

5. A person acting in one of the Contracting States on behalf of an enterprise of the other Contracting State (other than an agent of independent status to whom paragraph 6 of this Article applies) shall be deemed to be a permanent establishment of that enterprise in the first-mentioned Contracting State -

- (a) if he has, and habitually exercises in that first-mentioned Contracting State, an authority to conclude contracts on behalf of the enterprise and his activities are not limited solely to the purchase of goods or merchandise for the enterprise;
- (b) if there is maintained in that first-mentioned Contracting State a stock of goods or merchandise belonging to the enterprise from which he habitually fills orders on behalf of the enterprise; or
- (c) if in so acting he manufactures or processes in that first-mentioned Contracting State any goods for the enterprise.

6. An enterprise of one of the Contracting States shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on trade or business in other Contracting State through a broker, a general commission agent or any other agent of independent status, where such a person is acting in the ordinary course of his business as a broker, a general commission agent or other agent of independent status.

7. The fact that a company which is a resident of one of the Contracting States controls or is controlled by a company which is a resident of the other Contracting State, or which carries on trade or business in that other Contracting State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

8. Where an enterprise of one of the Contracting States sells goods manufactured, assembled, processed, packed or distributed in the other Contracting State by an industrial

ARTICLE 5

1. Profits of an Australian enterprise shall not be subject to Singapore tax unless the enterprise carries on trade or business in Singapore through a permanent establishment in Singapore. If it carries on trade or business as aforesaid, Singapore tax may be imposed on those profits but only on so much of them as is attributable to that permanent establishment.

2. Profits of a Singapore enterprise shall not be subject to Australian tax unless the enterprise carries on trade or business in Australia through a permanent establishment in Australia. If it carries on trade or business as aforesaid, Australian tax may be imposed on those profits but only on so much of them as is attributable to that permanent establishment.

3. Where an enterprise of one of the Contracting States carries on trade or business in the other Contracting State through a permanent establishment situated therein, there shall be attributed to that permanent establishment the profits which it might be expected to make in that other Contracting State if it were a distinct and separate enterprise engaged in the same or similar activities and dealing wholly independently with the enterprise of which it is a permanent establishment or with an independent enterprise; and the profits so attributed shall be deemed to be income derived from sources in that other Contracting State and shall be taxed accordingly.

4. In determining the profits attributable to a permanent establishment in one of the Contracting States, there shall be allowed as deductions all expenses of the enterprise, including executive and general administrative expenses, which would be deductible if the permanent establishment were an independent enterprise and which are reasonably allocable to the permanent establishment, whether incurred in the Contracting State in which the permanent establishment is situated or elsewhere, but where goods manufactured out of that Contracting State by the enterprise are imported into that Contracting State, and the goods are, either before or after importation, sold in that Contracting State by the enterprise, the profits of the enterprise taxable in that Contracting State may be determined by deducting from the sale price of the goods the amount for which, at the date the goods were shipped to that Contracting State, goods of the same nature and quality could be purchased by a wholesale buyer in the country of manufacture, and the expenses incurred in transporting them to and selling them in that Contracting State.

5. If the information available to the competent authority of the Contracting State concerned is inadequate to determine the profits to be attributed to the permanent establishment, nothing in this Article shall affect the application of any law of that Contracting State in relation to the liability of the enterprise to pay tax, in respect of the

permanent establishment, on an amount determined by the exercise of a discretion or the making of an estimate by the competent authority of that Contracting State. Provided that the discretion shall be exercised or the estimate shall be made, so far as the information available to the competent authority permits, in accordance with the principles stated in this Article.

6. Profits shall not be attributed to a permanent establishment by reason of the mere purchase or mere purchase and transportation by that permanent establishment of goods or merchandise for the enterprise.

7. Nothing in this Article shall apply to either Contracting State to prevent the operation in the Contracting State of any provisions of its law relating specifically to the taxation of any person who carries on a business of any form of insurance or to the taxation of a non-resident who derives income under any contract or agreement with any person in relation to the carrying on in the Contracting State by that person of any form of film business controlled abroad. Provided that if the law in force in either Contracting State at the date of signature of this Agreement relating to the taxation of such persons is varied (otherwise than in minor respects so as not to affect its general character), the Contracting Governments shall consult with each other with a view to agreeing to such amendment of this paragraph as may be necessary.

ARTICLE 6

1. Where -

- (a) an enterprise of one of the Contracting States participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of one of the Contracting States and an enterprise of the other Contracting State,

and, in either case, conditions are operative between the two enterprises in their commercial or financial relations which differ from those which might be expected to operate between distinct and separate enterprises dealing wholly independently with one another, then, if by reason of those circumstances profits which might be expected to accrue to one of the enterprises do not accrue to that enterprise, there may be included in the profits of that enterprise the profits which might have been expected so to accrue to it if it were a distinct and separate enterprise engaged in the same or similar activities and its dealings with the other enterprise were dealings wholly independently with that enterprise or an independent enterprise.

2. Profits included in the profits of an enterprise of one of the Contracting States under paragraph 1 of this Article shall be deemed to be income of that enterprise derived from sources in that Contracting State and shall be taxed accordingly.

3. If the information available to the competent authority of a Contracting State is inadequate to determine, for the purposes of paragraph 1 of this Article, the profits which might have been expected to accrue to an enterprise, nothing in this Article shall affect the application of any law of that Contracting State in relation to the liability of that enterprise to pay tax on an amount determined by the exercise of a discretion or the making of an estimate by the competent authority of that Contracting State. Provided that the discretion shall be exercised or the estimate shall be made, so far as the information available to the

competent authority permits, in accordance with the principles stated in this Article.

ARTICLE 7

1. The tax payable in a Contracting State by a resident of the other Contracting State in respect of profits from the operation of ships, other than profits from voyages or operations of ships confined solely to places in the first-mentioned Contracting State, shall not exceed half the amount which would be payable in respect of those profits but for this paragraph.

2. A resident of one of the Contracting States shall be exempt from tax in the other Contracting State on profits from the operation of aircraft, other than profits from flights of aircraft confined solely to places in the other Contracting State.

3. The relief provided in paragraphs 1 and 2 of this Article shall apply in relation to the share of the profits from the operation of ships or aircraft derived by a resident of one of the Contracting States through participation in a pool service, in a joint transport operating organisation or in an international operating agency but only to the extent to which the share of the profits is not attributable to profits from voyages, flights or operations confined solely to places in the other Contracting State.

4. For the purpose of this Article profits derived from the carriage of passengers, livestock, mails or goods shipped in one of the Contracting States for discharge at another place in that Contracting State or, in the case of Australia, at a place in the Territory of Papua or the Trust Territory of New Guinea are profits from a voyage or flight of a ship or aircraft confined solely to places in that Contracting State.

but does not include royalties or other payments in respect of the operation of mines or quarries or of the exploitation of natural resources or payments to the extent to which they are received as consideration for the use of, or the right to use, motion picture films, tapes for use in connection with radio broadcasting or films or video tapes for use in connection with television.

4. Paragraphs 1 and 2 of this Article shall not apply if the resident of one of the Contracting States who is beneficially entitled to the royalties has in the other Contracting State a permanent establishment and the information, right or property giving rise to the royalties is effectively connected with a trade or business carried on through that permanent establishment.

- (e) pensions paid by the Government of the Commonwealth or of any State of the Commonwealth, or the Government of Singapore, in respect of services

rendered in the discharge of governmental functions shall be treated as having a source in Australia or Singapore respectively.

2. Interest (as defined in Article 9) derived by a resident of one of the Contracting States shall be treated as having a source in the other Contracting State where the amount

-

- (i) is paid by a Government of the other Contracting State or by a resident of the other Contracting State and is not incurred by the payer in carrying on a trade or business through a permanent establishment of the payer in a country outside the other Contracting State; or
- (ii) is paid by a person who is not a resident of the other Contracting State and is incurred by the payer in carrying on trade or business through a permanent establishment of the payer in the other Contracting State.

3. 5. Royalties in respect of the operation of mines, quarries or other places of extraction of natural resources shall be treated as derived from sources within the Contracting State in which such mines, quarries or other places of natural resources are situated.

ARTICLE 18

1. Subject to any provisions of the law of the Commonwealth which may from time to time be in force and which relate to the allowance of a credit against Australian tax of tax paid in country outside Australia (which shall not affect the general principle hereof), Singapore tax paid, whether directly or by deduction, in respect of income derived by a resident of Australia from sources within Singapore (excluding in the case of a dividend, tax paid in respect of the profits out of which the dividend is paid) shall be allowed as a credit against Australian tax payable in respect of that income.

2. A company that is a resident of Australia and which beneficially owns at least 10 per centum of the paid-up share capital in a company that is resident in Singapore shall, in accordance with those provisions in the taxation law of the Commonwealth in existence at the date of signature of this Agreement, be entitled to a rebate in its assessment at the average rate of tax payable by the company in respect of dividends paid by the second-mentioned company that are included in its taxable income.

3. For the purposes of paragraph 1 of this Article and of the income tax law of the Commonwealth -

- (a) a resident of Australia deriving income from sources in Singapore consisting of interest or royalties to which Article 9 or Article 10 applies, being income in respect of which an exemption from or reduction of tax has been granted

under Parts V and VI of the Economic Expansion Incentives (Relief from Income Tax) Act, 1967, of Singapore or any other provisions which may subsequently be enacted granting an exemption from or reduction of tax which are agreed by the Contracting Governments in Notes exchanged for these purposes to be of a substantially similar character, shall be deemed to have paid Singapore tax in an amount, or the Singapore tax paid shall be deemed to have been increased by an amount, equal to the amount by which the Singapore tax that otherwise would have been payable is reduced by the exemption or reduction granted; and

- (b) the amount of the said interest or royalties shall be deemed to be the amount that would have been the amount of the interest or royalties if no Singapore tax had been paid, increased by the amount by which the tax that otherwise would have been payable is reduced by the said exemption or reduction.

Subject to the provisions of the laws of Singapore regarding the allowance as a credit against Singapore tax of tax payable in any country other than Singapore, Australian tax payable, whether directly or by deduction, in respect of income from sources within Australia shall be allowed as a credit against Singapore tax payable in respect of that income. Where such income is a dividend paid by a company which is an Australian resident to a company which is a Singapore resident and which owns directly or indirectly not less than 10 per centum of the paid-up share capital in the first-mentioned company the credit shall take into account (in addition to any Australian tax on dividends) the Australian tax paid by the first- mentioned company in respect of its profits.

6. Where profits, on which an enterprise of one of the Contracting States has been charged to tax in that Contracting State, are also included, by virtue of this Agreement, in the profits of an enterprise of the other Contracting State as being profits which, because of the circumstances existing between the two enterprises, might have been expected to accrue to the enterprise of the other Contracting State, the profits so included shall be treated for the purposes of this Article as profits of the enterprise of the first-mentioned Contracting State from a source in the other Contracting State and relief shall be given in accordance with this Article in respect of the extra tax chargeable in the other Contracting State as a result of the inclusion of such profits.
