

**APPLY FOR PRODUCTIVITY AND INNOVATION CREDIT (PIC) CASH PAYOUT E-SERVICE
ESSENTIAL INFORMATION TO NOTE**

It is important that you read this before e-Filing your PIC cash payout application form.

A. THINGS TO NOTE

- 1) Prepare the supporting documents (e.g. invoices, payment details) for your qualifying PIC claims before entering the e-Service so that you can complete the form in one session.
- 2) There is a maximum limit of 15 fields per form. You may wish to consolidate the items (e.g. by vendor) and provide a detailed breakdown of the consolidated items and their qualifying costs in the description box.
- 3) You can only e-file one application per day for each quarter or combined quarters of each Year of Assessment. Hence, if you need to complete more than 15 fields for your application, please e-file another application on a subsequent day.
- 4) Ensure that you have a minimum qualifying expenditure of \$400. If your claim is less than \$400, please combine the claim with subsequent quarters of the same Year of Assessment (YA).
- 5) Do not leave your session idle for more than 20 minutes. Otherwise, the session will expire and you will have to re-complete the form.
- 6) At any time, you may use the 'Save Draft' function to save your progress and continue in a separate session when you next log in. Once a draft is saved, it will be retained in *myTax Portal* until the filing due date of the relevant Year of Assessment. You may return to complete and submit the saved draft application anytime before the filing due date.
- 7) For guidance on how to complete the form, click on the iHelp icon <  >.
