

Sculpture Designed by Students from the School of the Arts - Waves of Excellence

About the Sculpture

Designed by students from the School of the Arts, this sculpture called Waves of Excellence depicts the waves of change made by successive generations of dynamic, passionate IRAS staff, to achieve excellence in tax administration in Singapore.

Symbolism of the Sculpture - Waves of Excellence

This sculpture symbolises IRAS' journey of excellence as a tax administration and celebrates the passion and commitment of the staff in IRAS. The waves reflect the energy and dynamism in IRAS and how we aspire and achieve as one IRAS to transform the taxpaying experience in Singapore. Each generation of tax officers has built on the success of those before to propel IRAS towards greater heights of excellence, rising above future challenges and doing our best for Singapore.

About the Team

Student Artist Leading the Project

Rebecca Lee Mei Hui 李美慧 (Visual Arts Year 4, 2012)
